

## Junior Marketing Associate / Student Employee

Karlsruhe, Germany | part-time

conemis enables continuous modernization in enterprises with the engineered transition to cutting-edge software applications. We therefore automate and manage the migration process with our software such that stakeholders are amazed by the reliability and efficiency of the transition.

If you are interested in one of the most dynamic areas in the ongoing shift to the cloud, we offer you an inspiring atmosphere that allows you to apply your individual skills. In this role, you will prepare and moderate regular marketing meetings. You will help with the internal marketing development and execution of marketing initiatives and activities. You will be responsible for social media communication, press releases, events organization and creating marketing material.

### What we offer for this role

- flexible part-time position (20% - 80%)
- international projects
- constructive, challenging and creative work atmosphere
- room for your own development
- active contribution to your work environment
- work-life balance
- centrally located workplace
- supportive colleagues and principals

### What we expect from you

- bachelor's degree in marketing / business management
- first experience in marketing and communication
- experience with social media platforms
- experience in researching market trends
- fluent communication skills in English
- independent and structured way of working
- sense of responsibility and team orientation
- creativity and reliability

### Your application
